Date: 2009.10.15

Compliance Certification Services  
Certification Division  
561F Monterey Road  
Morgan Hill, CA 95037

To whom it may concern:

This mobile wireless device, named HMT(Home Media Terminal), only incorporates with FM Transmitters and WLAN modules. In case of WLAN module, HMT operates with model number of CM-6060G and there is possibility that optional WLAN module, APM 6628, may be used in future.

In case of FM Transmitter, It is permitted only 88.5 ~ 107.9 MHz In the US Market, so other Frequency is blocked by firmware.

Sincerely Yours,

---
